Subject: Re: IDWR Water Right Application for Permit

Michelle:

Thanks for the update on IDWR personnel handling my Application for Permit 21-13288. On May 7th I sent a formal Pipeline Easement and Grant of Easement document to Dave Dance of Natural Guardian for signature. I have probably contacted Natural Guardian personnel 5 additional times to execute this request. I am sure it will be executed via conversations with the owner. I will keep you updated and send you a copy of this agreement when I receive it.

Thanks,

Jim Hagenbarth

Mr. Hagenbarth,

My name is Michelle Watts and I will be working on Application for Permit 21-13288 for stockwater, attached for reference. Aaron Olson was previously working on this application but he has relocated to the state office.

Have you been able to get the access agreement from Natural Guardian LLC for the Taylor Creek Diversion? Once I get that signed statement, I can add it to the application and submit it for approval.

Thank you,

Michelle Watts
