RE: Change in Ownership for Water Right No(s): 65-18129, 65-5670, 65-5673, 65-7935

Dear Interested Parties:

The Department of Water Resources (Department) acknowledges receipt of your Notice of Change in Water Right Ownership (Notice).

Our review of your Notice indicates that additional information is required before the Department can process the change. The information required is indicated below:

- Evidence of Water Right Ownership: copy of Deed, Title Policy, Contract of Sale, or other legal document indicating your ownership of the property and/or water rights in question

During our review of the documentation you submitted we found discrepancies between that documentation and our current records. The grantor in your submitted deed is Fannie Mae AKA Federal National Mortgage Association, but the current water right owners of record are Michelle Mims and Gary Peterson. Please submit a chain of title leading back to the current water right owners of record.

Because the Department cannot process the Notice without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

Also, please note that permit holders are required to report any change of ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Forms to assign ownership or update your address are available from any office of the Department or on the Department's website.

If you have any questions regarding this matter, please contact me at (208) 334-2190.

Sincerely,

Lynne Evans

Re: Change in Ownership for Water Right No(s): 65-5673, 65-5670, and 65-18129

Dear Water Right Holder:

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. The Department has modified its records and has enclosed a computer-generated report for you.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 605-4632.

Sincerely,

Aaron Olson

Re: Change in Water Right Ownership: 65-7935 (Split into 65-7935 and **65-24062**)

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of a portion of the above referenced water right(s) to you. The Department has modified its records based on the information received and has enclosed a computer-generated report for you.

Your portion of each water right(s) has a specified point of diversion, nature of use and place of use. If you plan to change the authorized point of diversion, nature of use, or place of use, including adding a new point of diversion, you must file an Application for Transfer of Water Right. If you do not plan to change any elements of your water right, then no further action is required at this time.

The portion of the water right retained by the original right holder retains the original water right number. The Department is sending the original right holder a copy of this letter and a computer-generated report showing the changes to the original water right.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 605-4632.

Sincerely,

Aaron Olson
Water Resource Agent
