3. C18 This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.
 4. S45 Diversion for irrigation under this water right prior to April 1 and after October 31 shall occur only as authorized by the Water District 63 Water Master and only when water is being released for flood control by the United States from the Lucky Peak Dam outlet under procedures and requirements for the Memorandum of Agreement between the U.S. Department of the Army and the U.S. Department of the Interior for Flood Control Operations of the Boise River Reservoirs, dated November 20, 1953, the Water Control Manual for Boise River Reservoirs dated April 1985 and any future amendments or revisions made thereto pursuant to state or federal procedures or law; provided that any such use of this water right prior to April 1 and after October 31 shall be subordinated to water rights for storage in Lucky Peak Reservoir, Lake Lowell, Arrowrock Reservoir, and/or Anderson Ranch Reservoir, as decreed in SRBA Case No. 39576.
 5. 155 This right shall receive 100 percent of its decreed quantity until the natural flow of the waters of the Boise River shall decrease so that all rights containing this condition cannot receive 100 percent of their decreed quantities, at which time this right and the other rights containing this condition shall first be cut to 75 percent of their decreed quantities, as the natural flow of the river decreases, beginning with the latest rights containing this condition and proceeding to the earliest rights containing this condition in the order of their priority dates, and after all of the rights containing this condition shall have been reduced to 75 percent of their decreed quantities, should the natural flow of the waters of the river decrease below the amount necessary to supply 75 percent of those decreed quantities, then this right and the other rights containing this condition, beginning with the latest and proceeding to the earliest, shall be reduced to 60 percent of their decreed quantities.
 6. This right can be used to irrigate up to 231 acres within the boundary of the Golden Gate Irrigation District.
 7. SD1 This right originated as all or part of right no. 95 in the Stewart Decree and the historic Boise River Water Masters records.

Subject: Change in Address for Golden Gate Irrigation District
Attachments: change-in-address form.pdf; Adjudication 1.23.1987 WR no A63-00232.pdf

Hi Lynne,

I am the legal Assistant for Wm F. Gigray, III and William L. Punkoney, attorney's here at White Peterson.

White Peterson Law Firm handles the legal work for Golden Gate Irrigation District (GGID).

You sent a change in address form but we are NOT changing the address.

The paperwork comes to White Peterson attention Christopher Gabbert and then below you reference Julie Fischer. Both have been gone from the law firm for more than 5 years. We just want the paperwork to come to the assigned attorney to GGID.

I had asked another (new) assistant to call and have the name changed and she got confused and gave Wm. F. Gigray, III's name and email, hence you sent the email below to him.

White Peterson remains the attorney for GGID all we want to change is the name of the attorney to William L. Punkoney or just drop the attorney's name, we know who it goes to.

Since we receive all the paperwork, if this is not possible then we will just keep it the way it is.

We started this matter in March of last year and with all the mess Covid-19 created I never followed up and sent this email with the attached form and water right information.

I hope this helps to clear up what we are trying to do. We just want the mailings to come to the right person.

Thank You - Joan
