If the water rights and/or adjudication claims were split, how did the division occur? N/A

☐ The water rights or claims were divided as specifically identified in a deed, contract, or other conveyance document.

☐ The water rights or claims were divided proportionately based on the portion of their place(s) of use acquired by the new owner.

Date you acquired the water rights and/or claims listed above: March 20, 2000

If the water right is leased to the Water Supply Bank changing ownership of a water right will reassign to the new owner any Water Supply Bank leases associated with the water right. Payment of revenue generated from any rental of a leased water right requires a completed IRS Form W-9 for payment to be issued to an owner. A new owner for a water right under lease shall supply a W-9. Water rights with multiple owners must specify a designated lessor, using a completed Lessor Designation form. Beginning in the calendar year following an acknowledged change in water right ownership, compensation for any rental will go to the new owner(s).

This form must be signed and submitted with the following **REQUIRED** items:

☒ A copy of the conveyance document – warranty deed, quitclaim deed, court decree, contract of sale, etc. The conveyance document must include a legal description of the property or description of the water right(s) if no land is conveyed.

☒ Plat map, survey map or aerial photograph which clearly shows the place of use and point of diversion for each water right and/or claim listed above (if necessary to clarify division of water rights or complex property descriptions).

☐ Filing fee (see instructions for further explanation):

o \$25 per undivided water right. 2 = \$50.00

o \$100 per split water right.

o No fee is required for pending adjudication claims.

☐ If water right(s) are leased to the Water Supply Bank AND there are multiple owners, a Lessor Designation form is required.

☐ If water right(s) are leased to the Water Supply Bank, the individual owner or designated lessor must complete, sign and submit an IRS Form W-9.

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of a portion of the above referenced water right(s) to you. The Department has modified its records based on the information received and has enclosed a computer-generated report for you.

Your portion of each water right(s) has a specified point of diversion, nature of use and place of use. If you plan to change the authorized point of diversion, nature of use, or place of use, including adding a new point of diversion, you must file an Application for Transfer of Water Right. If you do not plan to change any elements of your water right, then no further action is required at this time.

The portion of the water right retained by the original right holder retains the original water right number. The Department is sending the original right holder a copy of this letter and a computer-generated report showing the changes to the original water right.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 287-4942.

Sincerely,

Jean Hersley

Attachments: adjudication claim map_20210916101257.pdf; POU map_20210916101221.pdf

On the map attached, your property is green. The decreed place of use (POU) for water rights 67-10839 & 67-14054 is the SWSW which is outlined in yellow. I have also attached the map that was filed with the adjudication claim that shows the location of the well.

Water right 67-10839 is a domestic & stockwater right. The POU for the domestic use appears to be the house located in the southwest corner of the SWSW.

The POU for both water rights are located in the SWSW and you only own approximately an acre in the SWSW, you may be entitled to a portion of the stockwater use of both water rights. That would be .004 cfs of water right 67-14054 and .002 cfs of water right 67-10839.

If you would like utilize a portion of these water rights, they will need to be split. A filing fee of \$100 per water right is required to split water rights.

I hope this clears things up for you. Let me know if you any additional questions. Thank you.

RE: Notice of Change in Water Right Ownership Water Rights: 67-10839 & 67-14054

Mr. Williams,

I received the ownership change request you returned to the Department. I also received the email from Washington County. I recognize that a portion of your property is in the SWSW of Township 13N, Range 03W, Section 10.

Water right 67-10839 is for domestic and stockwater use in the SWSW of Township 13N, Range 03W, Section 10. There is not a home on that portion of your property that is in the SWSW so the domestic portion of that right is not appurtenant to your property. It is possible you could have a portion of the stockwater use of both water rights, but not the entire right. About 7 %. If you would like me to split the water rights for a portion of the stockwater use, we will require additional filing fees. The filing fee to split a water right is \$100 per water right.

Also, I am returning the warrant you left with the Notice of Change in Water Right Ownership. You will have to cash the warrant and pay the \$200 to split both water rights.

The Department will hold your Notice for 30 days. If no payment is received within 30 days, your paperwork will be returned unprocessed.

If you have any questions, please contact me at (208) 287-4942. Thank you.

Sincerely,

Jean Hersley
