1. dnelson 5/11/2006 Claim review  
This claim is based on a licensed right for 1.75 cfs and 90 acres. No season of use or volume was assigned to this right on the license, so the standard season of use was added through the recommendation. The diversion rate and acres were based on the licensed right. The best possible shape files were created to represent licensed acres. Wilder Irrigation district water is also used on this ground.
