Re: Transfer No. 84799, including Change in Water Right Ownership
Water Right No. 63-32429 (split into 63-35046)
Water Right No. 63-32432 (split into 63-35047)

Dear Applicant(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of a portion of the above referenced water rights associated with the above referenced pending transfer to you. The Department has modified its records to reflect the change in ownership and has enclosed a computer-generated report for you.

The Department is currently reviewing your transfer application for the water rights referenced above and will notify you upon completion.

The portion of the water right retained by the original right holder retains the original water right number. The Department is sending the original right holder a copy of this letter and a computer-generated report showing the changes to the original water right.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 334-2190.

Sincerely,

Lynne Evans
Office Specialist II
