Brian,

Thank you for working with us on the water right transfer applications; 85001 and 85002. The USFWS wishes to withdraw transfer application 85001 and file a superseding application at a later date.

Camas NWR has been awarded contracts to move forward with well construction. We do not want to move forward without the transfers approved. What is the status of the final approval of transfer for the 85002 application?

Sincerely,  
Mary
