Re: Correction to the list of Water Rights on Resumption of Beneficial Use Form

On August 12, 2021, James D. and Sheila White submitted a Resumption of Beneficial Use Form ("Form") for five water rights. One of the water right nos. listed on the Form (37-21708) is incorrect. Water Right 37-21708 is owned by Timothy J and Susan J McGough, and has not been granted an extension of time to avoid forfeiture. The correct water right number that should be listed on the Form is 37-21707.

The Department assumes that the Whites intended to list water right no. 37-21707 on the Form instead of the water right owned by the McGoughs for the following reasons:

- Water right 37-21707 shares a combined place of use, limited to five acres of irrigation, with the other four water rights correctly listed on the Form: Water Right Nos. 37-21671, 37-21680, 37-21689, and 37-21698.
- The Whites are the owners of record of 37-21707 and the four overlapping rights
- Water right 37-21707 was granted an extension of time to avoid forfeiture at the same time as the extensions granted to the four overlapping rights.
- The Whites submitted applications to lease portions 37-21707 and the four overlapping water rights to the Water Supply Bank (Lease Application No. 2127) at the same time that they submitted the Resumption of Beneficial Use Form. The Whites refer to these applications to lease at the bottom of the Resumption of Beneficial Use Form.
