

MEMORANDUM

Date: July 15, 2021
To: Transfer 84965
From: Jake Nebeker
Re: Review & Evaluation of Sufficiency of Information

The purpose of this transfer is to add a point of diversion.

Authority to File:

The applicant is the current water right owner of record. Bingham County taxlot data shows the applicant as the owner of the current and proposed points of diversion, and place of use. The applicant has authority to make the change.

Water Right Validity:

The right included in this transfer was licenced in 2003. Review of 2004, 2009, 2013, and 2017 aerial photography shows growing vegetation on the current place of use. Frofeiture does not appear to be an issue.

Injury to Other Water Rights:

Other rights do not appear to be injured by the proposed change. The quantity authorized to be diverted will not change as a result of the transfer. The watermaster was contacted and did not provide a comment. The transfer was advertised and did not recieve protests.

Enlargement of Use:

The proposed change does not appear to result in enlargement because neither rate nor volume nor irrigated acreage will increase as a result of the transfer.

Local Public interest:

No issues identified.

Beneficial Use/Conservation of Water Resources:

No issues identified.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
