All sums referred to in this Amendment shall be calculated by and payable in the lawful currency of the United States.

14. **Entire Agreement.** No amendments, variations, waivers, modifications or changes to this Amendment shall be effective unless in writing and signed by the Mortgagee and the Grantor subsequent to the date hereof.

RE: Notice of Security Interest for Water Right No(s): 47-12754 & 47-12755

Dear Security Interest Holder:

The Department of Water Resources (Department) acknowledges receipt of correspondence adding security interest of the above referenced water right(s) to you. The Department has modified its records to reflect the change in security interest and has enclosed a computer-generated report for you.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Security Interest, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

If you have any questions concerning the enclosed information, please contact me at (208) 293-9908.

Sincerely,

Denise Maline
