Re: Mitigation Acres 36-16458 and 36-16460

Dear Mr. Skinner:

This letter is being submitted to the Idaho Department of Water Resources as notification of the location of mitigation acres under water right 36-16458 and 36-16460. There are 57.2 acres of irrigation water that is being set aside by Verbree Land Holdings LLC. These 57.2 acres are currently under Idaho Water Supply Bank lease contract No. 853 from 1/1/2018 through 12/31/2022. The 57.2 acres will remain unirrigated after lease contract No. 853 expires.

Under Docket No. CM-MP-2016-001 **FINAL ORDER APPROVING STIPULATED MITIGATION PLAN** the Director of The Department of Water Resources approved a stipulated mitigation plan between the SWC and IGWA. That mitigation plan allows ground water right owners to set aside or reduce pumping from ground water rights in order to achieve the reductions required by individual ground water districts. The reductions are accounted for by the ground water districts as total water volume reductions for Verbree Land Holdings LLC.

This letter is intended to inform IDWR that these 57.2 acres will be set aside and no longer irrigated and to insure that at some future time that IDWR does not deem these 57.2 acres as forfeited. These acres will remain set aside until Stipulate Mitigation Plan is withdrawn or the 57.2 acre transferred to a new POU or beneficial use.

Sincerely,

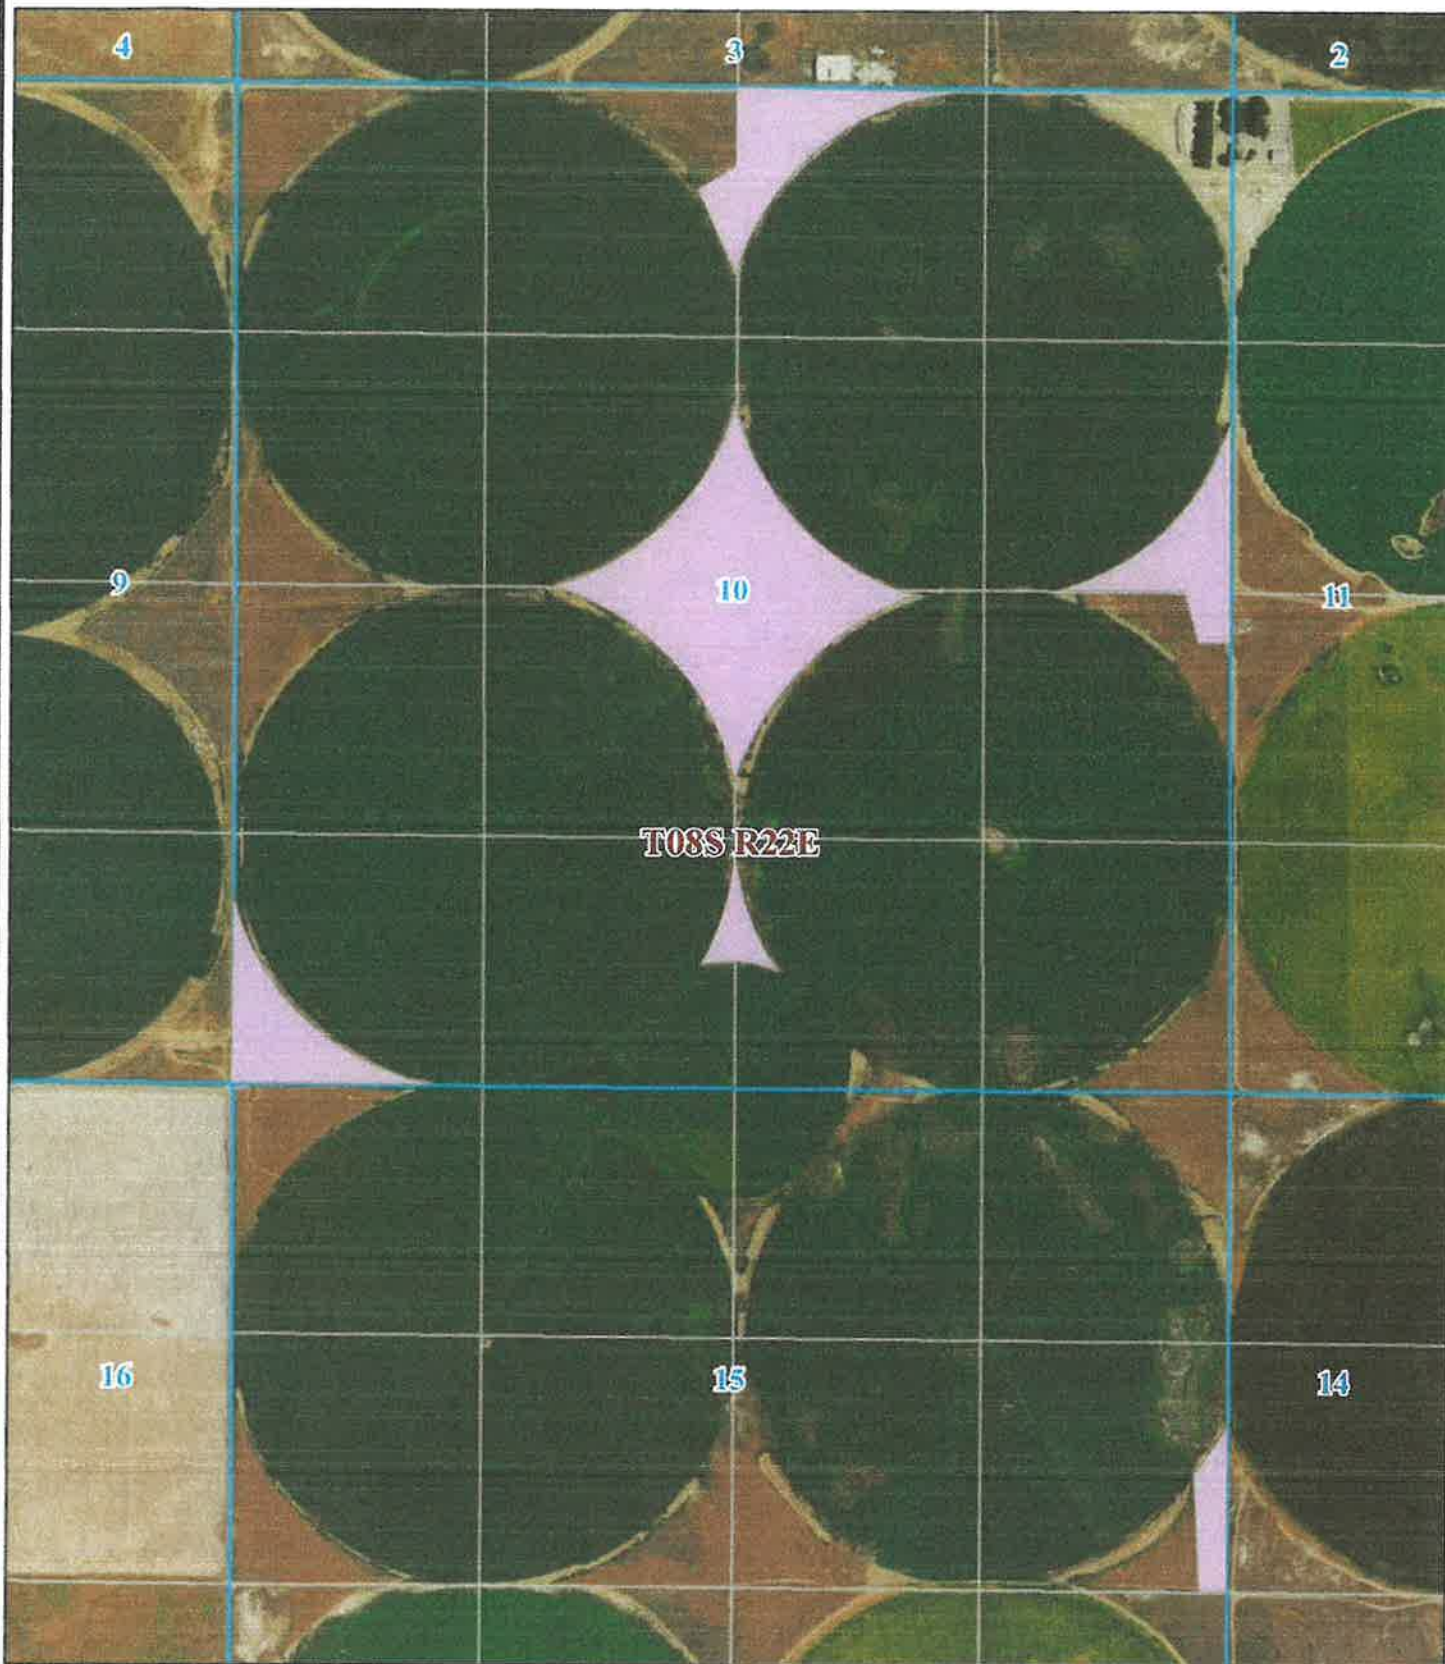

Jack Verbree
