Re: Change in Water Right Ownership: 71-10191 (Non-split); 71-33B (Split into 71-33B and **71-11004**)

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of a portion of the above referenced water right(s) to you. The Department has modified its records based on the information received and has enclosed a computer-generated report for you.

Your portion of each water right(s) has a specified point of diversion, nature of use and place of use. If you plan to change the authorized point of diversion, nature of use, or place of use, including adding a new point of diversion, you must file an Application for Transfer of Water Right. If you do not plan to change any elements of your water right, then no further action is required at this time.

The portion of the water right retained by the original right holder retains the original water right number. The Department is sending the original right holder a copy of this letter and a computer-generated report showing the changes to the original water right.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 293-9909.

Sincerely,

Jim Bitzenburg

Hi Mike,

I forgot to hit send on an email that I had written yesterday, so I just sent it. Today I again called Jim Bitzenburg from

Water Resources who I've been working with and I told him about how you had said that the Mesa properties had been changed from Ernie Day and Fred Humphreys into our names but he stated that the change in ownership

did not occur as it is still their names. I know this doesn't apply to you anymore since you have sold your property and the

water right along with it. The warranty deed that John and I had signed was for the ranch and not the our Mesa lot, so it looks like I'll get the warranty deed from Custer County to send to Water Resources to straighten this out. So I thought I'd let you know what his perspective is on this situation.

Thanks,

Dan

The attorney is of the opinion that someone at IDWR is not doing their homework.

He sent along the attached document is available to IDWR since it is on their website.

The document shows the chain of title for the water rights from Ernie and Fred to H Hook LLC and the Quit Claim deed then transfers the water rights from H Hook LLC to you and John, which is how the land is held at Custer County. (see below)

I hope this helps.

I don't understand IDWR.

The change of ownership from Ernie Day and Fred Humphreys to you and H Hook is already in the IDWR records.

The water right is not in the name of Ernie Day and Fred Humphreys now and the records showing the change are in the IDWR files.

RE: Change in Ownership for Water Right No(s): 71-33B

Dear Interested Parties:

The Department of Water Resources (Department) acknowledges receipt of your Notice of Change in Water Right Ownership (Notice).

Our review of your Notice indicates that additional information is required before the Department can process the change. The information required is indicated below:

 X Evidence of Water Right Ownership: copy of Deed or other legal document indicating your ownership of the property and/or water rights in question.

After reviewing the Notice and accompanying documentation, we cannot process it without additional documentation. You submitted a quitclaim deed conveying a portion of right 71-33B from H Hook, LLC and W. Michael Humphreys to John Franklin Day and Dan Ernest Day. We can only convey rights with quitclaim deeds if the quitclaim deeds convey the right from the last known recorded owners of the right. The last owners of record we have for right 71-33B are Ernest Day and Fred Humphreys.

I have enclosed a map of the area that right 71-33B is appurtenant to, and you can see that the right covers two tax parcels (the place of use shape for the right appears to be a little off-set; we can shift the image to fit within the tax parcels). We could process an ownership change if you could produce a warranty deed for the parcel(s) you have an interest in. If the lots are owned by separate individuals or entities, we would need to split the right between the two parcels based upon the acres in each lot. A quick measurement showed the north lot covers about 1.0 acre of the right and the south lot covers about 1.1 acre of the 2.1 acre water right place of use (POU). That would result in an approximately 48% to 52% split based on the acres in each lot. An ownership change split carries a higher fee (\$100.00) than a straight ownership change. So, to do a split, we would need a proper conveyance document and another \$75.00 in fees in addition to the \$25.00 you have already submitted.

Because the Department cannot process the Notice without proper documentation, we will hold any action on your notice pending receipt of the necessary information and/or fees. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

Also, please note that right holders are required to report any change of ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Forms to assign ownership or update your address are available from any office of the Department or on the Department's website.

I have enclosed a water right report for right 71-33B for your information. If you have any questions regarding this matter, please contact me at (208) 293-9909.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jim Bitzenburg", with a long, sweeping horizontal line extending to the right.
