Dear Chand &/or Paula,

Enclosed please find a copy of a Notice of Protest to Idaho Department of Water Resources by the Latah Board of County Commissioners regarding your water right application #86-12110.

It is the policy of the Board to protest all large water right applications within Latah County since we are statutorily mandated to "protect the health, safety and welfare" of our citizens. Because of the nature of Idaho's water rights appropriation process, we have to establish standing in the review process and insure we better understand the nature and extent of your request. This action by the Board by no means is an indication of our opposition to your request. Simply, we would like to meet with you, or your representative, to more fully review your application and how it might impact existing water users and adjoining property owners.

Please call the Board at your convenience to set up a meeting, and if you have any question or concerns. Thank you.

Sincerely,

Kathie LaFortune
Chair
