Re: 75-15015 Alan B. Glassburn

Dear Sir or Madam,

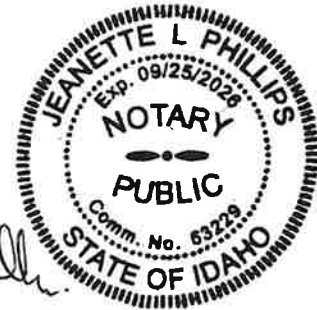

I hereby protest the application of Alan Glassburn (75-15015) to divert water from the source stated in the application. The reason for protest is that that source is not Jesse Creek, it's Pollard Canyon (aka Pollard Creek or Pollard Canyon Creek.)

During the Snake River Basin adjudication IDWR added the word Creek to Pollard Canyon saying that they could not divert water from a canyon, it had to be a creek. IDWR was successful in the SRBA in calling Pollard Canyon Jesse Creek below the confluence of Jesse Creek and Pollard Canyon (Creek.) However it is not shown to be that way on USGS maps and Google Maps. In order to change the name of Pollard Canyon to Jesse Creek, there is a detailed procedure thru USGS and the State of Idaho Historical Society and that procedure has yet to be enacted. Therefore, it's still Pollard Canyon and not Jesse Creek and the applicant can only divert from Pollard Canyon and not Jesse Creek.

Respectfully submitted,

Robert L. Blackadar
