Conditions of Approval:

- Page 1 of 2

IDAHO DEPARTMENT OF WATER RESOURCES
Proof Report

4/27/2021

- water or a priority call, then the amount of water authorized for diversion under the uses of Right 22-14404 that are being mitigated shall be reduced by the same proportion as the reduction to this right.
4. X61 The period of use for the irrigation described in this approval may be extended to an ending date of 10/31 provided that beneficial use of the water can be shown and other elements of the right are not exceeded. The use of water after 10/15 is subordinate to all water rights having no subordinated early or late irrigation use and a priority date earlier than 11/24/2008.
 5. 046 Right holder shall comply with the drilling permit requirements of Idaho Code § 42-235 and applicable Well Construction Rules of the Department.
 6. T07 The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
 7. T08 Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
 8. T19 Pursuant to Idaho Code § 42-1412(6), this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as determined by the Snake River Basin Adjudication court in the final unified decree entered 08/26/2014.

Comments:

1. mholliday 4/27/2021 mitigation by non-use
Updated this water right to reflect the mitigation required for approved permit 22-14404.
