Attachments: Change in Address.pdf; Request for Hearing Availability with Calendars.pdf

Good Morning Jessica,

Thank you for the updated address information. I will need you to complete the form attached for Change of Address. We require a signature to change it. Please send it to us for your file with a wet signature. You should have received your calendars but they may be in transit. I am attaching them to the email for you.

I did speak with Nancy Miller yesterday who also said you were working on a settlement agreement. I explained to her what we need and I also notified Cherie Palmer that it will probably not go to a hearing. Once the agreement is signed, we will need a copy of the agreement and a Withdrawal of Protest by Nancy Miller. I explained this to her yesterday. We will not need anything from Dave Renberg, as he is an intervenor, and once the protest is withdrawn as stipulated, we can proceed in processing the Transfer as stipulated. I explained to Nancy Miller that you should still submit the availability calendars in case the agreement doesn't go as planned just to be sure we can continue without further delay.

If you have any further questions, please let me know.

Thank you,

Tammy

Good morning Tammy,

We just moved up north from Boise and have been in and out of service. We need to update our mailing address with you. Our new address is:
41491 Little Canyon Rd
Peck, ID 83545

We just received an update from Nancy Miller regarding the status of the hearing. We are working with an attorney on an agreement and we are very very close to a resolution. The agreement is drafted; she is just waiting on legal descriptions and then we can record it. It sounds like we will need to contact the hearing officer, Cherie Palmer, and talk with her more regarding all this, which we will do as soon as we can get into good service. Likewise, it sounds like some calendars might be on their way too, which we will send in as well. Please let me know if you have any questions, if we need to speak with Cherie moving forward, we will do that. I just wanted to make sure IDWR and other parties involved had our updated contact information.

Thank you,

Jessica & Jarred Holz
