James,

We have revised the irrigation POU for the City of Moore. There is only one piece that overlaps a surface water right – the city park. I have attached a pdf map and the shapefile. Please let me know if there is anything else required.

Thanks,

That's right. The irrigated acres can be moved around within the PPU prior to any irrigation season. If a revision is made in the middle of the irrigation season, it becomes effective for the following season.
