RE: Status Conference for Contested Application for Permit 47-17719

Dear Mr. Hummer:

I was ill at home all day on the 29th, and was not able to reach my client to encourage her to attend the status conference. I also did not realize attendance was mandatory, since we had a complete status conference with Corry Skinner several months ago which was complete with discovery and expert witness deadlines, and the setting a hearing date. I apologize for neither my client nor me showing up for the conference, but we are prepared for the protest hearing on May 27th. We request that the hearing date be honored, and request that no Default Order is issued as a result of this incident. Handling this protest now in hopes of a permanent resolution is preferable to subsequent water calls and continued litigation between the parties.

Sincerely,

J. EVAN ROBERTSON
