Describe what work has been completed toward the development of this water right:

If no work has been completed, show "none".

Well has been drilled and pump installed (see attached) Domestic water has been in use since 2017 in the shelter. Attached is 3 part plan for irrigation projects on remaining acres.

Costing \$ 8,233.00

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

Our irrigation plan is divided into 3 parts. Part 1 was scheduled for May 2020 but due to Covid issues could not be completed. It is now scheduled for May 2021, with part 2 in May 2020 and part 3 to be completed by 2025 (see attached)

Permit holder(s) request an extension for 5 year(s).Signature Todd Adams

REQUEST FOR EXTENSION OF TIME LETTER

RE: Permit No. 72-16910

Dear Permit Holder:

Enclosed is a copy of the approved request for extension of time submitted in connection with the above referenced permit which extends the proof due date to **May 01, 2026**.

The Department granted this extension based on evidence of good cause. It is important that you work diligently toward the completion of the project during the development period allowed because the Department **will not** grant an additional extension based on good cause, pursuant to Idaho Code § 42-204(3)(f).

The extension is a PRELIMINARY ORDER issued by the Department pursuant to Rule 730 of the Department's Rules of Procedure (IDAPA 37.01.01). It can and will become a final order without further action by the Department unless a party petitions for reconsideration or files an exception and/or brief within fourteen (14) days of the service date as described in the enclosed information sheet.

Please be advised that Idaho Code § 42-248, requires you or the owner of this water right to maintain current ownership and address records on file with the Department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any Department office or at the Department's website at www.idwr.idaho.gov.

If you have any questions concerning this permit, please contact the State Office of the Department located in Boise at (208) 287-4800.

Sincerely,

Debbi Judd

EXPLANATORY INFORMATION TO ACCOMPANY A PRELIMINARY ORDER

(To be used in connection with actions when a hearing was **not** held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "**Preliminary Order**" issued by the department pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:**

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) The petition for reconsideration is disposed of; or
- (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

DEPARTMENT OF
WATER RESOURCES

To Whom it May Concern:

Enclosed is our Request for Extension of Time on developing irrigation and stock water uses for Permit No. 72-16010 plus documentation of our well drilling project that has supplied our building with all water needs since we opened Heart of Idaho Animal Sanctuary in 2017.

The first packet with our \$50 check paper clipped to the front contains documentation for our future irrigation plans for Phases 1, 2 and 3 of our plans. Our contractor is Tim Techick of Lost River Sprinklers & Hydroseeding. They are not listed in order of priority. We might start with Phase 3.

According to Tim, each estimate includes approximately \$3,000 to install a frost-free hydrant for year-round stock water and to establish a water line from our wellhead to our future irrigation locations. This is a one-time cost, so his individual estimates are inflated. He included the additional infrastructure in each phase because he recognizes that we will be doing this piecemeal, only one Phase or part of one Phase at a time as funds become available.

The second packet with a separate paperclip contains documentation of what we have already done to develop our underground well, which has been in service since we opened Heart of Idaho Animal Sanctuary in 2017.

Thank you for your consideration.

If you have questions, please do not hesitate to call me at 208-833-2275 or Becky Morgan, our grant coordinator, at 208-879-5582.

Sincerely,

Todd Adams

Tim:

Heart of Idaho Animal Sanctuary needs help from you in submitting plans to show beneficial use for our well water rights.

I am breaking our irrigation projects down into three phases. Phase 1 is a drip system for a 0.45 mile dog walking path 10 feet wide. I calculate that to 21,120 square feet; or 26,400 square feet if we irrigate 0.5 miles. Phase 2 is another dog walking path 0.338 miles long, or 17,846 square feet if we go 10 feet wide. Phase 3 is a 9,172 square foot lawn on the south side of our building, with sprinklers.

All of the above will need topsoil and seeding. If you could submit 2 estimates for each Phase, one based on hydro-seeding the second on hand-seeding by your workers, that would be helpful. We may decide to do the ground prep and seeding ourselves, so if you could itemize the estimates, that would be helpful.

Thank you,

Todd Adams
