Narrative: The Department received 5 applications to lease various portions that equal the entire irrigation portion of this right to the Bank. There is a combined diversion rate but additive diversion volume with the irrigation use and stock water use. This application was submitted with 5 rentals. The diversion rate for the 5 rentals is the entire rate so the stockwater portion needs to be leased as well. The applicant wants to place the right in the Bank for 2021-2025. The applications were submitted by Brockway Engineering, PLLC (Zach Latham). These applications were received from Feb. 12, 2021 to March 15, 2021. This right was decreed in 2010 and the entire right was placed in the Bank in 2015 & 2016. 26.9 acres were in the Bank in 2017-2020. The stockwater use was in the Bank from 2015-2017. There are no concerns of forfeiture. This right is currently within WD 37.
