Good timing with your inquiry, the applicants emailed me last night. None of the parties have checked in and I did not chase them down. I declared "No hearing on Monday" and I have no plans to go fishing for another date. The email string below covers the points.

Thank you for the update. I have not wanted to intrude on anybody for a status report, but was going to email the group today to ask. Please clarify where the process is on your end. Is the easement being drafted now? When do you expect it to be complete? If the easement is imminent then perhaps the application can withdrawn?

While we had targeted a hearing for the 9th to move the process along, the parties had been ambivalent to setting a date. IDWR will not be conducting a hearing on November 9th. We shall standby until notified by a party to proceed.

I'll look forward to hearing back from any or all of the parties. Thank you.

Doug

Good evening Doug,

We were just wanting to check in with you. The last discussion for the hearing date was for November 9th, however, I don't know if anything was solidified on that date. Currently, we are still working with the neighbors

on the easement, however, due to Covid related issues with Becky, we are still waiting to get an update on how that is going. We just wanted to make sure processes had not progressed any further on your end as both us and the neighbors would not be ready for a hearing on the 9th. We've established a resolution and are just waiting for the easement to be drafted. We just wanted to verify that there wasn't going to be a meeting on November 9th, please let us know.

Thank you,

Jessica and Jarred Holz

Good morning Doug,

On Sunday, September 27th, a site visit was done with Becky and Dave to see the progress of the easement. We are very pleased to see the effort put forward and are in agreement that this easement will work for us. With the site visit completed, paperwork on the easement will still need to be drawn up before we can withdraw our application for a Point of Diversion change.

We are confident that things will continue to go smoothly so if we need to schedule the hearing date for Monday, November 9th, we can move forward with that date if that is what works best for everyone else.

Thank you for everyone's help and hospitality in this process,

Jessica and Jarred

What remains to be completed for the easement? There does not appear to be any other Fridays available in November so Mondays November 9th or 16th or Friday the 13th are the potential dates. Intervenor, Mr Renberg, has indicated the 13th and 16th are not available to him, leaving only the 9th. Mrs. Holz has indicated that the 9th could be accommodated at some academic challenge. Protestant, Mrs Miller, has equal interest as Mr Renberg and could represent the interests in a hearing on the 13th.

We understand this has been a long, difficult process for the parties, but the change in seasons is upon us and weather, travel, schedules and holidays are going to make everything more difficult. Please consider what was laid out about calendars in the previous paragraph. I request an estimated time schedule for completing the easement agreement be provided to IDWR. This is important to keep the focus on the result and for IDWR to make appropriate calendaring decisions.

Thank you.

Douglas Jones

IDWR Northern Regional Manager

I know it's hard because everyone is busy but can you find other dates besides Monday so Jessica doesn't have to miss her class & labs?

Good afternoon everyone,

Considering that the likelihood of us moving forward with the hearing is very slim, and for the sake of finalizing a new postponement date, I can be available Monday, November 9th if that is a date that works best with everyone else. Now that I am back in school, Mondays are very heavy days for me and include labs that I cannot miss or makeup (due to Covid protocol), but Fridays I don't have any classes at all. We can set the date for Monday, November 9th if that is the consensus.

Subject: Hearing rescheduling

Ladies and Gentlemen,

The Hearing Officer recognizes and is pleased with the substantial progress parties have made toward resolving the protest. She has requested that an alternative date be agreed to and we have coordinated 3 dates that are available on our calendars in early and mid-November. Please look at your availabilities for Monday November 9, Friday the 13th, and Monday the 16th. We would like to schedule it for 11:30 PT for each day, so there is time for me to drive down and set up the room and computer. Please respond ASAP with your availabilities and a Rescheduling Order can be sent.

I am impressed with everyone's investment in resolving each other's concerns, and am confident the hearing won't be necessary.

Please keep us apprised of your progress with an email update before October 9th. Thank you all very much.

Doug
