Subject: FW: KBC Farms LLC Transfer Application Question

Michelle,

Below is the correspondence that I have had with the Aberdeen American Falls Ground Water District regarding water right 35-13991.

Greg Sullivan
Brockway Engineering
2016 North Washington Street, Suite 4
Twin Falls, Idaho 83301
208-736-8543

All information, calculations, maps, drawings, or other documents transmitted via e-mail are preliminary unless explicitly stated in the e-mail text or in the documents themselves.

KBC Farms are paid in full for the current year's assessment. That means they are a member in good standing and covered for mitigation. Water right 35-13991 is one of the water rights covered under the District's mitigation coverage.

Pamela Warner
District Secretary
American Falls Aberdeen GWD
(208)226-5914

Subject: KBC Water Right 35-13991

Pam,

KBC Farms has submitted a transfer to the Idaho Department of Water Resources for water right 35-13991. The agent processing the transfer application has requested documentation that water right 35-13991 is participating in the 2016 SWC and IGWA mitigation plan by being an active water right in the Aberdeen American Falls Ground Water District. Can you please respond to this email indicating if 35-13991 is indeed an active water right in the district and is in good standing with the district?

Thank you,

Greg Sullivan

Subject: RE: KBC Farms LLC Transfer Application Question

Mr. Sullivan,

In the 2nd transfer for KBC Farms (application 84705 attached) right 35-13991 was listed as used in the 2016 SWC and IGWA mitigation plan. Do you have documentation of this you can send me?

Transfer applications 84704 and 84705 are currently going through advertising. Thank you,

Michelle Watts

Subject: RE: KBC Farms LLC Transfer Applications Corrections Needed

Michelle,

See the attached documents and shape files.

Thank you for the quick phone call to correct these errors.

Let me know if you have any issues with the shape file and I will resend it to you. The proposed POU for both transfers are in the same shape file.
