Good morning,

Our office received the attached Application for Permit from you on March 12, 2021. The application proposes 0.1 CFS for irrigation and domestic purposes.

Pg. 2 of your application suggests you intend to irrigate < 1 acre. Could you please provide a single-number estimate rather than a range?

I also attached an aerial map of your property to this email. Please use that map to clarify which area you intend to irrigate and which areas you intend to develop for domestic uses?

Please contact me if you have any questions.

Thank you,
Anna
