Jake,

Per your direction I had Aaron sign document...

Please see attached and confirm this will suffice and not further action is required on our end.

Thanks,

Hey Todd,

After talking to you on the phone I felt the need to send this 30 day deficiency letter that I attached, you will need to supply us with the appropriate documents before March 23. Attached is the scan of the application that needs Aaron or Bens signature, please get that back to us as soon as possible. Like I said over the phone, I will not be available after March 3rd because I am taking some time off work for the birth of my new born baby. If you need to communicate to IDWR about the transfer after March 3rd, then you will need to communicate all correspondence to my supervisor Michael Holiday.

Jake,

I sent this and your voicemail on to Aaron and John hoping to again get authorization document or Aarons signature...

Thanks for the reminder and let's stay in touch.

This is Jake with the Department of Water Resources, I have been trying to get back in touch with you in regard to a transfer for water rights 22-13664, 22-13811, 22-7215B, 22-7215C. I have been waiting for a response to our request for a document to give Kevin Kuhlman authority to sign for Driggs Acquisition. This is needed to complete the transfer and give validity to the signee of the transfer for Driggs Acquisition. Additionally, another option would be to have Aaron Driggs or Ben Sher sign the application, this would be the last step before approvals for the water permit.

Thanks
