Jay Covington,

I have recently received your application back from the water master comment waiting period. I am now getting everything ready for approvals from my supervisor and manager. I have found that you have not included within the application an authority to sign document, allowing Robert Harris to sign on behalf of Covington Brothers LLC. At this time you can either sign the attached application or prepare a authority to sign document for Robert Harris on the Covington Brothers letterhead. If you have any further questions I would be happy to help. Also a signed Page 1 will be sufficient.
