Jake,

Attached is the Gehring letter to Meadows as discussed. Was not sure if they sent it directly to you.

Jake,

Jared Gehring indicates the Meadows (his wife's parents) are hooked up to city water but want this right a backup and supplemental supply and to provide additional outside yard irrigation up to the half acre limit. He has a verbal agreement they can access the well as needed. He could confirm by letter that he has provided Meadows a license to access the well if that is required.

Jake,

Catching up after the holidays I am wondering if you have proceeded to publish on this?
As the Gehrings and Meadows are relatives and neighbors my understanding the have an oral understanding for joint use and maintenance of the shared domestic well. Probably a good idea they reduce it to writing and I will follow up with them on such.

Randy,

One more thing, pertaining to the Meadows application. I have all I need to proceed to the legal ad, but I do need proof that the Meadows have legal access to the Gehring Well, or a well sharing agreement. There is no rush on that document, it is not needed prior to the legal ad process. Thanks

-Jake

Jake,

Please have the attached amended page 2 to the Meadows application substituted in what was mailed 12/17. It corrects the location of the well POD.

Thanks!

Randy
