4. If the water rights and/or adjudication claims were split, how did the division occur?
- ☐ The water rights or claims were divided as specifically identified in a deed, contract, or other conveyance document.

 - o \$100 per *split* water right.
 - o No fee is required for pending adjudication claims.

Re: Change in Ownership for Water Right No(s): 37-834 and 37-23251

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. The Department has modified its records and has enclosed a computer-generated report for you.

Please note that an additional water right also appears to be appurtenant to this property, the water right number is: 37-7226. I have enclosed a computer-generated report for this water right. In order to change the ownership of this right into your name, please submit a Notice of Change in Water Right Ownership form (enclosed) along with the \$25 filing fee to our office.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 736-3033.

Sincerely,

A handwritten signature in cursive script that reads "Benny Walker".
