Hi Debbi,

I apologize, on the Statement of Completion, Item #7 should have stated that there is a fish screen in use.

Thank you,

Carole VanderWilde

Permit holders,

The Idaho Department of Water Resources is reviewing your permit for licensing. Condition #4 on the permit states "*Prior to the diversion and use of water under this approval, the right holder shall comply with all fish screening and/or fish passage requirements of the Idaho Department of Fish and Game.*" On the Statement of Completion you submitted to the Department, you marked "No" on Item #7 asking if a fish screen is required. Have you met the fish screening and/or fish passage requirements of the Idaho Department of Fish and Game? Please respond within 14 days or the Department could take steps to void this permit. Please feel free to contact me should you have questions or concerns.

Best regards,
Debbi
