The water was put to beneficial use until 2015 when the store and cabins were permanently closed and put up for sale. The right was placed in the Bank in 2017-2020. This right is a domestic/power right that has overlapping conditions with 75-13945 (commercial-offered to the Bank) and 75-14725 (commercial/domestic owned by US Forest Service-not offered to Bank). The source of water for 75-2122 & 75-13945 was ruled non-potable by DEQ in 2010. The source from 75-14725 is the potable water for the store and cabins. The Department did not receive a WSB Lease application from the Forest Service. This right will be leased to the Bank to protect it from forfeiture but will not be rentable. This right is not currently within a WD. The POU on the map does not match the POU description on the water right. The priority date for this right is 1953. I assume the GCDB lines have shifted over the years. The maps in the backfile show this piece in the SESW. At the time, it was unsurveyed land.
