MEMORANDUM

TO: Transfer No. 84541
FROM: Kate Huelse
DATE: 1/22/21
RE: Evaluation of Application

Summary of Information Submitted

Lance and Alice Gennette are the original water right owners for 51-24A, 51-25A, and 51-26A. Per a sales agreement with Idaho Power Mr. Gennette sold 51-24A and 51-26A, however all three rights are licensed under a combined use limit, hence Mr. Genette is filing transfer 84541 to reduce 51-25A irrigation right from 25 acres to 7.5 acres.

Lance and Alice Genette can be reached at (208)845-2377.

Authority to File

Lance and Alice Gennette filed and signed for transfer 84327. Department records show Lance and Alice Gennette are the most current owners of water right 65-23919.

Water Right Validity

The right is presumed to be valid since beneficial use has occurred within the last five years.

Injury to Other Water Rights

No injury is anticipated. The right is currently being used and diverted according to the transfer without any complaint the Department has been made aware of.

Enlargement of Use

Condition X35 states that 51-24A, 51-25A, and 51-26A are stacked together and not to exceed the irrigation of 25 acres. Water right 51-25A was omitted from the sales contract to Idaho Power, however companion transfer 84541 was filed in order to reduce the acreage of 51-24A to 7.5 of irrigation. No enlargement is anticipated, Idaho Power is seeking to establish a 55.7 acre permissible POU limited to an annual irrigation of 17.5 acres, and water right 51-24A will be irrigating 7.5 acres.

Local Public Interest

No information has been made available to suggest a conflict with public interest. The watermaster will receive a comment letter regarding this application and will state if they believe it is not in the local public interest.

Beneficial Use/Conservation of Water Resources

The application proposes beneficial use consistent with conservation of water resources in Idaho.

The application is consistent with criteria of I. C. § 42-222 and should be processed.

Summary

Water Right Overlap

Overlap review found that 51-24A, 51-25A, and 51-26A are conditioned with a combined use limit as to not exceed the irrigation of 25 acres. Idaho Power has purchased water rights 51-24A and 51-26A and is seeking to change the POU for both water rights to establish a 55.7 acre permissible place of use limited to an annual irrigation of 17.5 acres. Lance and Alice Gennette the owners of water right 51-25A filed a companion transfer to acknowledge that 51-25A has been reduced to 7.5 acres. Idaho Power has been authorized by Bruneau Buckaroo Cooperative Ditch Company to transfer 15 MI of water owned by Idaho Power from another parcel to the proposed POU. Diversions for all rights combined will not exceed limits of the right pre-transfer (0.40 cfs, 25 acres).

The accompanying order is a **Preliminary Order** issued by the Idaho Department of Water Resources (Department) pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action of the Department unless a party petitions for reconsideration or files an exception and brief as further described below:**

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the hearing officer within fourteen (14) days of the service date of the order as shown on the certificate of service. **Note: the petition must be received by the Department within this fourteen (14) day period.** The hearing officer will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding to the Director. Otherwise, this preliminary order will become a final order of the agency.

If any party appeals or takes exceptions to this preliminary order, opposing parties shall have fourteen (14) days to respond to any party's appeal. Written briefs in support of or taking exceptions to the preliminary order shall be filed with the Director. The Director retains the right to review the preliminary order on his own motion.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, request for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with Rules of Procedure 302 and 303.

FINAL ORDER

The Department will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The Department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) The petition for reconsideration is disposed of; or
- (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- iv. The real property or personal property that was the subject of the agency action is located.
