STATEMENT OF COMPLETION

FOR SUBMITTING PROOF OF BENEFICIAL USE

FOR OFFICE USE ONLY	
Amt. of Fee $	225.00
Receipt No.	C109821
Receipted By	KW
Date Receipted	1.20.21

The Idaho Department of Water Resources considers this form a statement by the permit holder(s) that development of a water right has been **completed** and that water has been applied to beneficial use to the extent described below. **This form must be accompanied by an examination fee, when necessary, or by a completed Beneficial Use Field Report prepared by a certified water right examiner.** Please refer to the instructions and fee schedule for this form. If ownership of the permit has changed, contact any Department office or visit the Department's website at idwr.idaho.gov for an *Assignment of Permit* form. If you wish to relinquish your permit because you have not established the authorized use of the water and are not applying for an extension, please notify the Department in writing.

1. Permit No. 96-09498 Telephone No. 208-762-2900
2. Name of Permit Holder(s) Idaho Forest Group, LLC
3. Mailing Address 687 Canfield Ave. Suite 100 City Coeur d'Alene
   State Idaho Zip 83716 Email tom.schultz@idfg.com
4. Source of Water Pend Oreille River If **GROUND WATER** (well), Date Drilled mo. _____ / yr. _____
   Well Driller _____ Drilling Permit Number _____
5. Extent of use(s) completed **as authorized by the water right permit:**
   Domestic (No. of households) _____ Stockwater (No. and type of stock) _____
   Irrigation (No. of acres) 120 Other Irrigation 1.2 cfs; Industrial 0.22 cfs; Fire Protection 1.2 cfs
6. Total rate of diversion or storage volume for which proof is submitted 1.2 cfs **OR** 104.4 acre-feet.
7. Compliance with a measuring device requirement, lockable controlling device requirement, and/or other conditions of permit: Refer to the approval conditions on your permit and respond accordingly.
   The Department will not issue a license if permit conditions are not met.

Measuring Device	**Is a measuring device required?**	Yes ☐	No ☑
	If yes, has the measuring device been installed?	Yes ☐	No ☐
Lockable Controlling Device	**Is a lockable device required to control the diversion?**	Yes ☐	No ☑
	If yes, has the lockable device been installed?	Yes ☐	No ☐
Fish Screen	**Is a fish screen required?**	Yes ☑	No ☐
	If yes, has the fish screen been installed?	Yes ☑	No ☐

   Other Conditions of Permit
   Do the approval conditions on your permit require you to submit additional information in connection with your proof of beneficial use? If yes, list the conditions below and attach documents with the required information.
   _____ Completed? Yes ☐ No ☑
8. Fee Enclosed $ 225.00 or not applicable ☐. See fee schedule on page 2 of the instructions.
   Proof statements filed without an appropriate fee, will be considered incomplete.
9. Person to contact to accompany the Department representative during field examination of the water system.
   Name Mike Henley Telephone Number 208-255-3238
   Mailing Address 4447 E. Chilco Rd. City Athol
   State Idaho Zip 83801 Email mhenley@idfg.com

The information given on this form is my true statement of the extent to which the above numbered permit has been developed and water has been diverted and applied to a beneficial use. I understand that any undeveloped portion of the permit is relinquished to the State of Idaho.

Signature of Permit Holder _____ Date 1/20/2021

RE: STATEMENT OF COMPLETION 96-09498 STATEMENT OF COMPLETION

Dear IDWR,

Attached is a Statement of Completion for permit number 96-09498 associated with Idaho Forest Group's Laclede Mill Facility. There are two points of diversion for the facility; one in the northwest corner and the second at the Laclede boat launch southeast of the facility.

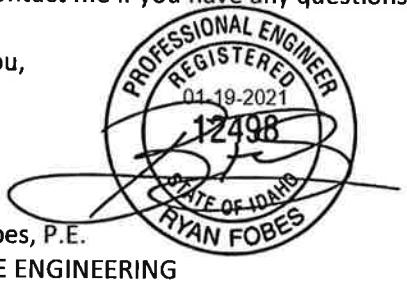
The northwest point of diversion has been metered since 2015. The annual average water usage is 82 acre-feet. This northwestern point of diversion is capable of pumping 450 gpm or 1.0 cfs. See attached 40 horsepower pump curve for reference.

The Laclede boat launch point of diversion does not have a flow meter. However, it does have a dedicated power meter. The attached pump curve has been utilized to estimate the annual usage based on power records from 2019 and 2020. The annual average water usage is 22.4 acre-feet. This southeastern point of diversion has two pumps capable of pumping 50 gpm or 0.1 cfs each for a total of 0.2 cfs. See attached 10 horsepower pump curve for the two pumps.

The total composite facility annual average water diversion is approximately 104 acre-feet at a maximum rate of 1.2 cfs.

Please contact me if you have any questions.

Thank you,



Ryan Fobes, P.E.

PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 96-9498

Dear Permit Holder:

The Department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the Department to conduct a field examination to determine and confirm the use being made of the water.

Please be advised that Idaho Code § 42-248, requires you or the owner of this water right to maintain current ownership and address records on file with the Department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any Department office or at the Department's website at www.idwr.idaho.gov.

If you have any questions concerning the field examination, please contact the Northern Region Office of the Department located in Coeur d'Alene at (208) 762-2800.

Sincerely,

Debbi Judd
Technical Records Specialist
