Kevin,

I apologize for misreading your email. You are not requesting a pre-hearing conference, but rather are asking for an opportunity to meet with Department staff to discuss the technical memo prepared for this contested case prior to scheduling a pre-hearing conference. Please let this email confirm that you can proceed with informal discussions with Jennifer Sukow about her technical memo and the data used to prepare the memo. If you meet with Ms. Sukow in person, I ask that the protestants be invited to participate in those meetings, either in person or by phone. If you engage in telephone or email conversations with Ms. Sukow, I ask that the protestants be invited to participate in those conversations. Please let me know if I can help organize a time for the parties to meet with Ms. Sukow in Boise. You are also free to contact Ms. Sukow and the protestants on your own to schedule meeting times. Please let me know if you have other questions or if you reach a point where you are prepared to schedule a pre-hearing conference

Mr. James Cefalo,

The Applicant, Protestants, and Intervenor have agreed that the applicant should request informal proceedings pursuant to the Department's Rules of Procedure (IDAPA 37.01.01.101), in the above-referenced matter.

Idaho Water Company LLC, the applicant, hereby makes that informal request of the department and requests authorization for same.

The purpose for this request, among other things, is to informally engage the department in addressing issues raised by the production of IDWR's memorandum on November 26th, 2018 subject titled, "Hydrology staff review of application for transfer 82746."

Please note our understanding that no hearing officer has yet been assigned, nor has a pre-hearing conference been scheduled. Thank you for your time and consideration in this matter.

Sincerely,

Kevin G. Kohtz | IDAHO WATER CO. LLC.
