Re: Unacceptable for Filing status on Application for Permit (Rule 35 Application Requirements)

Dear Applicant:

Idaho Department of Water Resources (IDWR) received your Application for Permit on December 23, 2020, to divert water from Colburn Creek on Boner County parcel RP58N02W120752A. **Please be advised that your Application is currently unacceptable for filing due to Place of Use legal description error for Domestic use.** A copy of your original Application, an example of how to correct the error, and a copy of the Application on which to make corrections, are enclosed.

The legal description information shown on your Application map shows only Irrigation use. This is not in agreement with Line 9 of the Application that shows both Domestic and Irrigation use. Please cross out the 'D' which indicates Domestic use, initial and date that you cross out the 'D' and return the corrected Application to IDWR. The Place of use shown on the Map must agree with Line 9 of the Application.

Please telephone me at IDWR at (208) 762.2816 if you intend to use water from Colburn Creek for Domestic purposes before returning you Application to IDWR.

An Application that is acceptable for filing must be received no later than January 25, 2021. Your Application should be in single sided format. IDWR will take steps to terminate the Application, if no response is received, in accordance with Idaho Code § 42-204.

Respectfully,

Shaun M. Maxey
Sr. Water Resource Agent
Idaho Department of Water Resources, Northern Region
