

MEMORANDUM

TO: Water Right Permit File 95-17083

FROM: Daniel A. Nelson

DATE: December 2, 2020

SUBJECT: In-house Field Exam

We attempted to perform an in-house field exam on this permit. There does look as though there is an area that was cleared at one time for a yard, but it doesn't look irrigated in any of the aerial imagery. It may be worth a drive by investigation to confirm what is and isn't being irrigated.
