Send back to Shaun and tell him the map does not show any irrigation in the SENW even though the application POU grid does. The applicant could send a corrected map with that irrigation added via email. Might not make it to advertising.

Attached is a copy of page 1 and page 2 of your Application (91-8050) and a copy of the Application map. The Application map requires a correction to match the Irrigation Place Of Use legal description that is shown on Page 2 Line 9 of the Application.

Please look at the attached Example Map showing a new 1 acre Place Of Use for Irrigation on the southern tax parcel (RP001600200140). Please use the other map to make a similar size Irrigation shape somewhere on tax parcel RP001600200140 and return it to me via e-mail attachment. This will make your map match page 2 line 9 of the Application.

I will also attempt to reach you via phone.
