Dear Interested Parties:

The Idaho Department of Water Resources (Western) received a Notice of Change in Water Right Ownership from you on March 9, 2020 for the above referenced water rights. The Notice could not be processed because there was not sufficient evidence of ownership for the entirety of the water rights.

On April 17, 2020, the Department requested additional evidence of ownership from you, or confirmation and an additional fee in order to process the change as a split. As of the date of this letter, the Department has not received the required information or additional fee.

The Department is returning your Notice of Change in Water Right Ownership and the attachments. A refund of \$150 has been requested and will be mailed to Guaranty Title Inc under separate cover from the Idaho State Controller's Office. You may re-submit your request with the appropriate documents and fees.

If you have any questions regarding this matter, please contact our office at (208) 334-2190.

Sincerely,

RE: Change in Ownership for Water Right No(s): 61-7119, 61-7005, 61-2155, 61-2154, 61-7396, 61-10378

Dear Interested Parties:

The Department of Water Resources (Western) acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your Notice indicates that additional information is required before the Department can process the change. The information required is indicated below:

- _____ Evidence of Water Right Ownership: copy of Deed, Title Policy, Contract of Sale, or other legal document indicating your ownership of the property and/or water rights in question
- _____ Description of Portion of Water Right resulting from division of water right
- _____ Filing Fee of \$100 per water right for changes resulting from division of a water right

During our review of the documentation you submitted we found discrepancies between that documentation and the legal description of the place of use for the water rights indicated in your notice. I have enclosed a map and a copy of the water rights for your reference.

The Warranty Deeds that you provided do not cover the entire place of use (POU) for the above mentioned water rights. Based on the information provided to the Department, the rights may need to be split. If you do own the entirety of the water rights, please submit a deed conveying ownership of the land not included in the previously submitted deeds, or explicit ownership of the entirety of the water rights.

If you do not own the entirety of the water rights, an additional fee will be required to process a split ownership change for the portions appurtenant to your property. The filing fee for a Notice of Change in Water Right Ownership is \$25 per undivided water right or a fee of **\$100 per split water right**. The \$25 per water right already submitted to the Department will be applied towards the balance.

Because the Department cannot process the Notice without proper documentation, we will hold any action on your Notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days (May 17, 2020) we will return your notice and all attachments and your notice will not be processed.

Also, please note that permit holders are required to report any change of ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could

result in a \$100 late filing fee. Forms to assign ownership or update your address are available from any office of the Department or on the Department's website.

If you have any questions regarding this matter, please contact our office at (208) 334-2190.

Sincerely,
