Re: Water Right Permit 65-13958

Dear Mr. Surmeier,

This purpose of this letter is to clarify what is needed in order to proceed with licensing the above-mentioned permit.

Proof of beneficial use of the water during the development period must be provided. This proof may consist of power records, or an affidavit, or some other type of proof.

The development period for this permit began on February 7, 2002 when the permit was authorized, and ended on February 1, 2003 as per the order correcting the due date on the permit. This is the time period for which proof of beneficial use must be provided.

Without this information licensing may not proceed. Please send the information to me at the address above by **November 1, 2019** so that we may proceed with licensing this permit for you. If proof has not been received by the close of business on November 1, 2019, the process to void this permit will begin.

Please contact me or Dan Nelson (208-287-4856) if you have any questions.

Sincerely,

Paula J. Dillon, GIS Analyst
