

Proof of Application of Water to Beneficial Use
Deposition of Holder

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. X. Loren Morgan, 40 years, near Weiser, Idaho, banking
P.C. Weiser.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice or statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. The Intermountain Institute, Weiser, Idaho,
My office that of Vice President

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 5983, Feb. 19th 1910, & Feb. 19th 1910

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Flood Waters of Monroe Creek, diversion point at the confluence of the McCorr, 1/2 mile, flowing 13 miles, Rive West 8 m., bank height 62' 20", East 580 feet

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. A Concrete Dam is placed across Monroe Creek at the point of diversion. A concrete Head Gate flume conducts the water into a completed ditch two miles in length which will carry 73 Second feet more. The Ditch is the Intermountain Institute Ditch. The Ditch carries the water into a Reservoir Dam 40 feet high. Head five or six years.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. Water used for irrigation is carried over into Franklin Creek stream through a ditch onto the following tract of land N.E. 1/4 S. W. 1/4 Sec. 6 R. 5 W. D. M. T. 11. Also N.W. 1/4 S. E. 1/4 Sec. 7 T. 11 R. 5 W. D. M. T. 11 R. 5 W. B. M. N.E. N.W. 1/4 Sec. 19 T. 11 R. 5 W. B. M. Exact no. of acres actually irrigated unknown.

Ques. 7. If for other than for irrigation purposes, state how applied, amount of horse power generated, etc.

Ans.

Ques. 8. What is the minimum amount of water required for the specified above?

Ans. 73 Second Feet

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

5983

Permit No. 67-15333
Protestant's Exhibit

144

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. For several years the water impounded in the Reservoir has been used on the lands herein described. Through the ditch from Monroe Creek the water is carried over the divide into Jenkins Creek, down Jenkins Creek to other ditches and onto the lands described.

Ques. 11. State when, how, in what amount and to what extent water other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and right claimed thereunder.

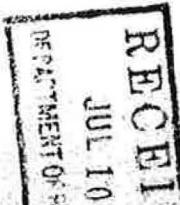

Ans. Since the flow of flood water is of short duration the water from another Reservoir on Jenkins Creek has been used upon the lands described. The Permit under which this additional water has been is No. 122102 10558 (Same Permit)

(Sign) X A. D. Morgan

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me at my office in Weiser..... County of Washington..... State of Idaho, on this 7th day of July A. D. 1923

J. C. D. Ryan
