RE: Application for Permit No. 72-07514

Dear Mr. Corrigan:

I have received your application for permit for recreational storage use for final review. This application is located within the Salmon/Clearwater Rivers Moratorium area. The moratorium is on processing of new applications for permits to appropriate surface water, such as your application, unless the use existed prior to the start of the Snake River Basin Adjudication in November 1987.

In order to continue processing your application, I need additional information supporting recreational storage use prior to November 1987. Examples of supporting information include but need not be limited to aerial photographs, various receipts, ASCS records, or affidavits.

Please submit this information within thirty days from the date of this letter to prevent any further undue delay in processing your application.

If you have any question, please feel free to contact me at (208) 327-7944.

Sincerely,

Cindy Zimmerman
