Re: Change in Ownership for Water Right No(s): 37-7465A, 37-7504, 37-7772, 37-10012 and 37-10435

Dear Water Right Holder:

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of the above referenced water rights to you. The Department has modified its records and has enclosed a computer-generated report for you.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

In regards to water right 37-10012, the provided conveyance document only indicated ownership in the NESE of Section 18, Township 06S, Range 19E and did not indicate ownership of the SENE of Section 18, Township 06S, Range 19E where the Domestic use portion is described and also part of the Stockwater use. Therefore, the water right now lists both Taber Family LLC and Milk Money Farms LLC as current owners. The Department would require additional conveyance documentation and appropriate fees submitted with an additional Notice of Change of Ownership form to remove Taber Family LLC as current owners from the water right.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 736-3033.

Sincerely,

Bill Mills
Water Resource Agent, Senior
