Re: Application For a Temporary Water Appropriation

Dear Ms. Beggerly:

The Idaho Department of Water Resources is returning your recently submitted application since it was incomplete. The point of diversion and place of use needs to be adequately described on line items #2 and #3 and the diversion rate in either cfs or gpm needs to be indicated on line item #5. When the corrected application is resubmitted, please attach a copy of a USGS topography map showing the place of use and point of diversion.

If you have any questions, feel free to contact me at this office.

Sincerely,

Keith E. Franklin
