James,

I've attached a map and the shapefile for the lots that will be served by Water Right No. 25-14487. 25-14240 will not change but will continue to be split off to Comore Loma Water Corporation (as was done to create 25-14487) as Comore Development continues to develop lots. For example, this summer we filed two applications for permit and received Permit Nos. 25-14484 and 25-14488 for inside use only. Eventually, those permits will be conveyed to the water corporation along with enough water from 25-14240 to cover the necessary irrigation for those lots.

If you have any questions, or need anything else, let me know.
