

State of Idaho
Department of Water Resources
Permit to Appropriate Water
No. 96-9705

Priority: June 07, 2018

Maximum Diversion Rate: 3,300.00 CFS

This is to certify that

AVISTA CORP PO BOX 3727 SPOKANE WA 99220-3727

has applied for a permit to appropriate water from:

Source : CLARK FORK RIVER

Tributary: LAKE PEND OREILLE

and a permit is APPROVED for development of water as follows:

<u>Beneficial Use</u>	<u>Period of Use</u>	<u>Rate of Diversion</u>
POWER	01/01 to 12/31	3,300.00 CFS

Location of Point(s) of Diversion

CLARK FORK RIVER	NE¼ SE¼, Sec. 27, Twp 55N, Rge 03E, B.M.	BONNER County
CLARK FORK RIVER	NW¼ SE¼, Sec. 27, Twp 55N, Rge 03E, B.M.	BONNER County
CLARK FORK RIVER	SW¼ NE¼, Sec. 27, Twp 55N, Rge 03E, B.M.	BONNER County
CLARK FORK RIVER	SE¼ NE¼, Sec. 27, Twp 55N, Rge 03E, B.M.	BONNER County

Place of Use: POWER

Twp	Rng	Sec	NE				NW				SW				SE				No QQ	Totals
			NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE		
55N	03E	27			X	X									X	X				

Conditions of Approval

1. Proof of application of water to beneficial use shall be submitted on or before **November 01, 2025**.
2. Subject to all prior water rights.
3. Prior to the diversion and use of water under this approval, the right holder shall comply with all fish screening and/or fish passage requirements of the Idaho Department of Fish and Game.
4. The term of this permit shall run concurrently with Clark Fork Project license P-2058 issued by the Federal Energy Regulatory Commission (FERC), which expires on February 28, 2046. The term shall automatically extend to run concurrently with any annual renewals of the project's FERC license. Prior to the issuance of a subsequent or new FERC license for the project, the Director may review the water right permit or subsequent water right license and may issue an order canceling all or any part of the use, establishing a new term, or revising, adding or deleting conditions under which the water right may be exercised. The order shall take effect on the date the current term, as may be extended through annual renewals, expires. If the Director does not issue such an order, the term shall automatically extend to a length equal to the project's subsequent or new FERC license and any prior conditions on the water right permit or subsequent water right license shall remain in effect.
5. Proof of application of water to beneficial use shall be submitted no sooner than May 1, 2025 and received no later than the beneficial use due date of November 1, 2025.

State of Idaho
Department of Water Resources
Permit to Appropriate Water
No. 96-9705

6. To facilitate determination of the volume of water beneficially used by this project, the right holder shall provide the Department a copy of the characteristic performance curve for the turbine(s) and a copy of the monthly power generation figures during the development period. These items shall be submitted with the required Proof of Beneficial Use statement. Failure to submit these items shall be cause for the Director to reject the Proof of Beneficial Use statement.
7. The rights for the use of water acquired under this right shall be junior and subordinate to all other rights for the use of water, other than hydropower, within the State of Idaho that are initiated later in time than the priority of this right and shall not give rise to any claim against any future rights for the use of water, other than hydropower, within the State of Idaho initiated later in time than the priority of this permit.
8. This right is subject to the provisions of Idaho Code §§ 42-205 through 42-210, restricting the sale, transfer, assignment, or mortgage of this right. Failure to comply with these provisions is cause for immediate cancellation of this right.
9. This right does not constitute Idaho Public Utilities Commission or Federal Energy Regulatory Commission approval that may be required.
10. Use of water under this right shall be non-consumptive.
11. Power generation is at the Cabinet Gorge Power Plant.
12. This right does not grant any right-of-way or easement across the land of another.

This permit is issued pursuant to the provisions of Idaho Code § 42-204.

Signed this 16th day of October, 2020.

RE: Permit No. 96-9705

Permit Approval Notice

Dear Permit Holder(s):

The Department of Water Resources ("Department") has issued the enclosed permit authorizing you to establish a new water right. Please be sure to thoroughly review all the conditions of approval listed on your permit. The conditions include requirements that you must accomplish, such as timely submittal of proof of beneficial use or installation of a measuring device, as well as information about how your water use may be administered, such as regulation by a watermaster in a water district. Failure to comply with the conditions of approval may result in your permit lapsing or being canceled.

The permit is a PRELIMINARY ORDER issued pursuant to Rule 730 of the Department's Rules of Procedure (IDAPA 37.01.01.730). It can and will become a final order without further action by the Department unless a party petitions for reconsideration, files exceptions, or requests a hearing as described in the enclosed information sheet.

The final step in the water right process is issuance of a water right license. To receive a water right license, you must divert and use water to the full extent intended and submit a *Statement of Completion for Submitting Proof of Beneficial Use* by the date shown in condition no. 1 of your permit. The Department will send you a *Proof Due Notice* approximately 60 days prior to the date listed in condition no. 1 of your permit.

You may also require approvals from other Department programs, such as Ground Water Protection, Safety of Dams, or Stream Channel Protection, to accomplish your proposed development. Please call or visit any Department office or see the Department's website at idwr.idaho.gov for more information about these programs.

Please be advised that Idaho Code § 42-248, requires you or the owner of this water permit to maintain current ownership and address records on file with the

Department. Forms to file an assignment of permit and/or a change in the address of the permit owner are available from any Department office or at the Department's website at www.idwr.idaho.gov.

If you have any questions concerning the enclosed information, please contact the Northern Region Office at (208) 762-2800.

Sincerely,

Douglas Jones
Northern Region Manager

Enclosure(s)

CERTIFICATE OF SERVICE

I hereby certify that on October 16, 2020, I served a true and correct copy of Permit to Appropriate Water No. 96-9705 by U.S. Mail, postage prepaid, to the following:

EXPLANATORY INFORMATION TO ACCOMPANY A PRELIMINARY ORDER

(To be used in connection with actions when a hearing was **not** held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "Preliminary Order" issued by the department pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:**

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) The petition for reconsideration is disposed of; or
- (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

**NOTICE OF PROPOSED
CHANGE OF WATER RIGHT
TRANSFER NO. 84203**

CITY OF LEWISTON, PO
BOX 617, LEWISTON, ID
83501 has filed Application
No. 84203 for changes to the
following water rights within
NEZ PERCE County(s): Right
No(s). 86-4034A, 86-4034B,
86-7090; to see a full descrip-

tion of these rights and the
proposed transfer, please see
[https:// research.idwr.idaho.
gov/ apps / waterrights/ query
newtransfers](https://research.idwr.idaho.gov/apps/waterrights/query/newtransfers). The purpose
of the transfer is to change a
portion of the above rights as
follows:

This transfer proposes to
correct the City of Lewiston's
surface water rights 86-4034
A, 86-4034 B, and 86-7090 to
show the correct location and
number of points of diversions.
