Dear Permit Holder(s):

You are hereby notified that under the provisions of Section 42-218A, Idaho Code, the above referenced permit has lapsed and is of no further force nor effect. The department provided the proper forms to you in the proof due notice dated July 31, 2020. No further construction or additional development is authorized under this permit.

If water was put to beneficial use prior to the date proof of beneficial use was due, you may file the Statement of Completion (proof) now, or if you or a previous owner of this permit have not received a prior extension of time, you may file the Request for Extension of Time (extension request) if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. You may also request an extension of time if you have been delayed by a government agency, or by litigation that brings title to the water in question.

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES
NOTICE TO FEDERAL AGENCIES REGARDING PROOF OF BENEFICIAL USE
FOR PERMITS AUTHORIZING STOCKWATER USE

In accordance with Idaho Code §§ 42-217 and 42-502(1), federal government agencies submitting a *Statement of Completion for Submitting Proof of Beneficial Use* ("Proof Statement") for a permit authorizing stockwater use are required to show the agency's ownership of the livestock putting the water to beneficial use. Please attach the required evidence of ownership of the livestock when submitting the Proof Statement. If the required evidence of ownership is not submitted, IDWR may exclude the stockwater use from the water right license issued in connection with the permit, or it may void the permit if stockwater is the only permitted water use. See Idaho Code § 42-219(8). The federal agency may also choose to relinquish the permit by completing and returning the enclosed form.
