EXPLANATORY INFORMATION TO ACCOMPANY A PRELIMINARY ORDER

(To be used in connection with actions when a hearing was **not** held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "**Preliminary Order**" issued by the department pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:**

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

(a) The petition for reconsideration is disposed of; or
(b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

i. A hearing was held,
ii. The final agency action was taken,
iii. The party seeking review of the order resides, or
iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

MEMORANDUM

Date: September 24, 2020

To: Transfer 84307- Dusty Farms, LLC - Raft River Valley Farms, LLC file

From: Jim Bitzenburg

Re: Evaluation of Sufficiency of Information Submitted

Application for transfer proposes to change a point of diversion (well) which is one of 15 authorized points of diversion to a group of 21 ground water irrigation rights with a combined flow rate of 48.46 cfs. The new well will be located approximately 8.5 miles north and 3.4 miles east of Malta, and will replace an existing well located about 150' to the north.

The transfer was advertised because it proposes changing a ground water POD in the Raft River Critical Ground Water Area, and since it is located in Water District 143, Watermaster comments will be solicited. The transfer was not protested, and the Water District 143 Watermaster did not oppose the transfer.

- **Authority to File:**
  The Department's database indicates that the water rights involved are owned by the applicants, Dusty Farms, LLC and Raft River Valley Farms, LLC, and the application was signed by Dan Moss and Ryan Moss, who are managers of the LLCs. The latest Annual Report form on file for the LLCs with the Idaho Secretary of State is in the transfer application file.

- **Water Right Validity:**
  The water rights involved have all been decreed in the SRBA. Aerial imagery seems to indicate that forfeiture is not an issue.

- **Injury to Other Water Rights:**
  None anticipated or foreseen.

- **Enlargement of Use:**
  None anticipated. Application intends to change PODs by drilling a new well, and abandoning an existing well, with no increase in rate, volume, or acres.

- **Local Public Interest:**
  No issues anticipated. Transfer was advertised.

- **Beneficial Use/Conservation of Water Resources:**
  Proposed use is recognized as a beneficial use of water.

- **Effect on the Economy of the Local Area:**
  None Anticipated

- **Effect of the Agricultural Base of the Area:**
  None Anticipated

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
