Re: Change in Water Right Ownership: 2-2186 (Split into 2-2186 (MAN Farms) and **2-10593** (LEJ Farms) and 2-10447 (Split into 2-10447 (MAN Farms) and **2-10594** (LEJ Farms)

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of a portion of the above referenced water right(s) to you. The Department has modified its records based on the information received and has enclosed a computer-generated report for you.

Your portion of each water right(s) has a specified point of diversion, nature of use and place of use. If you plan to change the authorized point of diversion, nature of use, or place of use, including adding a new point of diversion, you must file an Application for Transfer of Water Right. If you do not plan to change any elements of your water right, then no further action is required at this time.

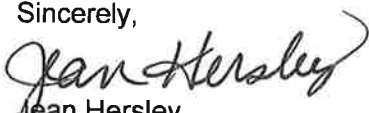

A portion of water right(s) 2-2186, the parent of right 2-10593 and a portion of water right(s) 2-10477, the parent of right 2-10594 was leased to the Water Supply Bank (bank) in 2020. In accordance with the bank lease acceptance, the lessor/current right holder (right holder) may not use the portions of the right(s) while they are in the bank, even if the right(s) is not rented from the bank. The portions will remain in the bank until December 31, 2020 unless the right(s) are released earlier by the Idaho Water Resource Board or upon request by the right holder. To reduce the term of the lease, the right holder must submit a written request to the department. The department will verify if the right is rented or available for release, and notify the right holder of the release date.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 287-4942.

Sincerely,

Jean Hersley

Jean, you are correct on both counts. Yes, LEJ Farms, LLC's application should include right 2-2186 and both applications should list 2-10477 rather than 2-10447. Please make both corrections. Thank you!

John

Also, on the Notice of Change in Water Right forms for MAN Farms and LEJ Farms, you listed the water right 2-10447. I believe this should be 2-10477. Is this correct?

Subject: ownership change for LEJ Farms LLC

The Department received the ownership changes for water rights 2-2186, 2-10034, 2-10035 and 2-10447. On the form for LEJ Farms, LLC, you only listed water right 2-10447 to be split, but in the table on your cover letter you mention that LEJ Farms get a portion of water right 2-2186. The deed from ATN Holdings to LEJ Farms conveys land that water right 2-2186 is appurtenant. While I'm certain that you would like LEJ Farms to have a portion of water right 2-2186, I need to ask if I can add it to the Notice of Change in Water Right form you submitted? Thank you.
