There is a **FILING FEE** of \$50.00 to be included with this form when filed with IDWR.

Permit no. 63-33141 Date proof is due September 11, 2020
 Name(s) of permit holder(s) Mellin Properties Limited Partnership

Describe what work has been completed toward the development of this water right:

If no work has been completed, show "none".

Purchased the long-side adjoining 80 acres for \$40,000 to make an economic unit with this 80-acre property so as to use a full-circle pivot and a single well. Also constructed an 8-inch guide well to 370 feet, the bottom of the rock with 100 ft of static water for \$32,000 and pivot point buried electric line for \$12,000.
Costing \$84,000 This permit is associated with Permit No. 63-34045.

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

I am not able to soon economically farm the land because of the delay in getting an electric powerline constructed across BLM land until BLM's expected approval in about two years from Jan 22, 2020 - now delayed some - plus two months to construct. Also see my letter of April 2, 2020, to IDWR, for justification for an Extension of Time of five years.

Permit holder(s) request an extension for five year(s) from March 1, 2020.
