PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 92-11043

Dear Permit Holders:

The Department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the Department to conduct a field examination to determine and confirm the use being made of the water.

Please be advised that Idaho Code Section 42-248, requires you or the owner of this water right to maintain current ownership and address records on file with the Department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any Department office or at the Department's website at www.idwr.idaho.gov.

If you have any questions concerning the field examination, please contact the Northern Region Office of the Department located in Coeur d'Alene at (208) 762-2800.

Sincerely,

Debbi Judd

MEMORANDUM

TO: Water Right Permit File 92-11043

FROM: Daniel A. Nelson

DATE: September 16, 2020

SUBJECT: In-house Field Exam

We attempted to do an in-house field exam on this permit. However, upon review of the 2016 Google Earth imagery, the point of diversion appears to be at different location than what shown in the application for permit and permit maps. The point of diversion also appears to be close to an unnamed stream instead of a spring. With the concerns regarding the source and the location of the point of diversion, it would be best to go to the site to determine the actual source and point of diversion location. Therefore, I think it is prudent for the Northern Region staff to visit this site to confirm the source and point of diversion location .before we issue a license.
