

## MEMORANDUM

**Date:** August 24, 2020  
**To:** Transfer 84279  
**From:** Jake Nebeker  
**Re:** Review & Evaluation of Sufficiency of Information

This transfer proposes to change the place of use for a 3-acre portion of water right 35-2226. Applicant proposes to move the 3-acres to better reflect current irrigation practices.

**Authority to File:**

Applicant is the current owner of record for water right 35-2226. Gary Judge passed away. The applicant provided an Idaho State certificate of death for Gary Judge.

**Water Right Validity:**

Water right 35-2226 was decreed in the SRBA in 2012. According to 2013, 2015, and 2017 aerial photos 120-acres have been irrigated. Forfeiture does not appear to be an issue.

**Injury to Other Water Rights:**

The watermaster was notified of the application and did not oppose approval of this application. The proposed changes does not have a hydrological impact. Injury to other water rights does not appear to be an issue.

**Enlargement of Use:**

The proposed change will not result in an increase in any of the elements of the water right. Water right includes a condition stating that the right is combined with water from Aberdeen Springfield Canal Company. The existing place of use is within the service area for the Aberdeen Springfield Canal Company. Enlargement does not appear to be an issue.

**Local Public interest:**

No issues identified.

**Beneficial Use/Conservation of Water Resources:**

No issues identified.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
