### PROOF ACKNOWLEDGEMENT LETTER

**RE: Permit No. 2-10558**

Dear Permit Holders:

The Department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the Department to conduct a field examination to determine and confirm the use being made of the water.

**Please be advised that Idaho Code § 42-248, requires you or the owner of this water right to maintain current ownership and address records on file with the Department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any Department office or at the Department's website at [www.idwr.idaho.gov](http://www.idwr.idaho.gov).**

If you have any questions concerning the field examination, please contact the Western Region Office of the Department located in Boise at (208) 334-2190.

Sincerely,

Debbi Judd  
Technical Records Specialist

Hello Debbi,

I have attached the check for the inspection/review fee of \$100.00 that you told me I would owe. I have also attached photographs of the work I have completed to show beneficial use and proof of completion. The photographs, in no particular order, are of the 24 acres under side-roll irrigation, the alfalfa hay being swathed, the pump installation in the Snake River, and the installed electrical service from Idaho Power.

The parcel where the water permit is being used is very easy to find and see. If you use Google maps you can see the parcel is at the SW corner of Map Rock Rd and Cornerstone Ln. , Caldwell. It goes from Map Rock Rd. west to the river and from Cornerstone Lane south to the end of the alfalfa field. There are two side-roll irrigation lines being used. The entire parcel and the beneficial use of the water can be easily seen from Map Rock Rd.

I hope these photographs help. Thank you again for the time you spent with me on the phone and for emailing the needed form and instructions.

Yours truly,  
  
David Martin
